I.

THE LICHENS OF EUROPE IN DRIED SPECIMENS,

THEIR DETERMINATION FOUNDED ON MICROSCOPICAL INVESTIGATION, WITH DESCRIPTIONS IN THE GERMAN LANGUAGE, AND FIGURES REPRESENTING THEIR SPORES;

Also, TWO PLATES illustrating a New System of Classifying Lichens.

By PHILIPP HEPP, M.D., etc.

The First, Second, Third, and Fourth Volumes contain altogether 42 Genera and 233 Species. Price of each Volume, quarto size, 12*s.*; or the whole of the same Collection (233 Species) can be had *unbound* for £2. 2*s.*

II.

For those Lichenologists who do not wish for the Collections of Dried Specimens as above, but who may desire to obtain the Descriptive Text and Illustrations of the Spores of these Lichens, the Author has prepared a Special Edition under the following title:—

FIGURES AND DESCRIPTIONS OF THE SPORES

OF THE LICHENS CONTAINED IN THE FIRST, SECOND, THIRD, AND FOURTH VOLUMES OF DR. P. HEPP'S 'LICHENS OF EUROPE.'

No. I. is now ready, and contains 26 lithographic coloured Plates, representing the Magnified Figures of the Spores of the different Genera, illustrating the system by which the Lichens are arranged, and the Figures (1000 times magnified) of the Spores of 233 Species, for the most part new, or of such as, though described by the late Pastor L. E. Schærer, were left unpublished at his death; with indications of their Habitats, Synonyms, and References to the latest studies and discoveries in this branch of Natural History by Krempelhuber, Leighton, Naegeli, Thuret De Notaris, Massalongo, Montagne, Speerschneider, Trevisan, Tulasne, and others.

This First Number is now ready, in large 4to. Price: coloured, 10*s.*; plain, 8*s.*

May be obtained of WILLIAM PAMPLIN, Foreign Bookseller, No. 45, Frith Street, Soho Square, London; or direct from the Author, Dr. PHILIPP HEPP, Zurich, Switzerland.

NOTICE.—The Fifth and following Volumes of the 'Dried Lichens' and the second number of the 'Figures and Descriptions of Lichens' (this latter containing 29 Coloured Plates) are in preparation.

Zurich, November, 1856.

HERBARIUM FOR SALE.

A GENTLEMAN desires to Part with his HERBARIUM. It is valuable and extensive, consisting of about 9000 Plants. Those of Britain are tolerably complete, and include the Plants described in the 'Flora of Shropshire,' rich in CARICES, GRAMINEÆ, ROSÆ, RUBI, SALICES, and other Critical Plants. The Foreign Plants are chiefly from the Continent of Europe, from the Azores, North America, and New Zealand. The total number of Species is near 4000. Size of paper, 16 in. by 10 in.

Particulars and Price may be had on application at the Office of this Journal, where one of the packages may be seen.

HERBARIUM FOR SALE.

IN consequence of the Death of the Proprietor, the extensive and valuable HERBARIUM belonging to the late Dr. WILLIBALD LECHLER is to be disposed of. It is particularly rich in the Plants of South America (West Coast), Straits of Magellan, Falkland Islands, etc., and is well worth the notice of European Botanists and Collectors in general.

Details will soon be ready, when any information respecting this important Herbarium may be obtained on application to Mr. PAMPLIN, 45, Frith Street, Soho Square, London.

November 1, 1856.
